

SINGLE-LOAD FRONT-LOAD DRYERS – 60 Hz

MDE28PDCYW / MDG28PDC / MDE28PDCZW

TURBOVENT® SYSTEM

- A high-speed blower wheel optimizes performance in long vents
- High airflow helps reduce drying times for a wide variety of loads
- Helps to increase efficiency and turns over the life of the machine

MICROPROCESSOR CONTROLS

- Easy-to-read diagnostics assist with quick identification of an issue helping to get the machine back into service
- Owners can control time-of-day pricing and additional costs for end-user upgrades
- End users have option to select ideal cycle for individual drying needs
- Easy-to-read Time Remaining Digital Display informs users of cycle times to help reduce bottlenecks

LARGE CAPACITY

- 6.7 cu. ft. capacity dryer helps allow for large loads to be dried efficiently and effectively
- Delivers an optimal drying experience for users and helps maximize productivity

BUILT TO LAST

- Porcelain enamel top — a durable finish that stands up to the demands of high-traffic
- Front-panel accessibility — provides fast entry to internal components for streamlined self-service
- Extra-large reversible door — provides users unhindered access while loading and unloading
