Basic Value Adder

An Economical Value Transfer Machine
That Allows the User to Add Value to a MoneyCard with Cash

The Basic Value Adder (BVA) is ESD's solution when size, simplicity and price are the major considerations. This straightforward, compact VTM adds value to a SmartCard with cash and it features user friendly graphics and a cabinet that was designed with security as the primary goal; it is available with either front, or rear access. This popular VTM can be found in thousands of Multi-housing installations where adding value to smart cards with cash is all that is required.
Front Access —11-100-012
Rear Access — 11-100-013

Basic Value Adder Benefits:
- ☑ **Compact Size**
- ☑ **Economically Priced**
- ☑ **Easy to Collect**
- ☑ **Can be Easily Installed**
