

**Product Name:** 394 soap vender

**Model Number:** 394 soap

**Order Code:** 394 soap

**Retail price:** \$625.00

**Description:** 3 column coin slide operated soap vender

**Features:** The 394 is a 3 column coin slide operated vending machine that is perfect for a medium sized laundry room. Offer your guests three selections or double up on the soap product for increased capacity. The vender has a 69 vend capacity.

This vender features ESD or

Greenwald Vertical 5 coin slides (specify when ordering) which makes multi pricing (any column any price from .25 to 1.25) possible.

The cabinet offers a hinged guard style door with high security locks, a large plexi-glass product display area, and a locked cash box. The package weights lock out the vend cycle when the column is empty to cut down on user abuse.

For ultimate security, two steel straps and two locks should be used on each vending machine. Add \$100.00 for each strap set (includes American 2000 lock). See 394 soap vender w/security straps.

**Product dimensions:** 16 1/4" wide x 37 3/4" high x 9 1/2" deep
