

**Product Name:** 494 soap vender

**Model Number:** 494 soap

**Order Code:** 494 soap

**Retail price:** \$745.00

**Description:** 4 column coin slide operated soap vender

**Features:** The 494 is a 4 column coin slide operated vending machine that is perfect for smaller stores with a

capacity of 92 vends.  
This vender features ESD or Greenwald Vertical 5 coin slides (specify when ordering) which makes multi pricing (any column any price from .25 to 1.25) possible.

The cabinet offers a hinged guard style door with high security locks, a large plexi-glass product display area and a locked cash box. The package weights lock out the vend cycle when the column is empty to cut down on user abuse.

For ultimate security, two steel straps and two locks should be used on each vending machine. Add \$105.00 for each strap set (includes American 2000 lock). See 494 soap vender w/security straps.

**Product dimensions:** 21 1/4" wide x 37 3/4" high x 9 1/2" deep
