AD Series – *Coin Operated*

American Dryer built its reputation on the AD series dryer because, simply put, these dryers are built to last. Our engineer driven approach and our passion for innovation, superior design and top-to-bottom quality makes the AD series dryer a popular choice for coin-operated laundries around the world.

AD-444

The AD-444 is a dual pocket 45-lb capacity dryer that offers all the benefits of ADC quality engineering at a low cost. It has the efficiency of the AD-330's axial airflow and the accessible belt-drive system of the AD-236. The lint drawer is stainless steel and the microprocessor is our proven Phase 5, with simple controls and an easy-to-read LED. The AD-444 has a single exhaust connection and a single coin drop and is available as coin or card ready. The AD-444 is available in gas heat.
