

On-Premises 30-lb Stack Premium Tumble Dryer

Our line of stack tumble dryers* provides double the capacity of Huebsch single-pocket tumble dryers, while using only half the floor space. Plus, you'll still only need one set of gas, electric and exhaust hookups, simplifying installation.

Efficient

A high-performance heater box and axial airflow pattern with sealed cylinder rims delivers the fastest, most efficient drying results in the industry. This efficiency reduces drying times and helps on-premises laundries increase throughput, while decreasing operating costs.

Easy to Operate

Fewer moving parts mean fewer maintenance problems and less wear, while large lint compartments are easy to keep clean, saving additional operator time.

Performance

Available in 30 lb per pocket and 45 lb per pocket capacities, there's a stack tumble dryer to meet the needs of any on-premises laundry.

Galaxy™

The Galaxy Control offers the flexibility of 30 programmable cycles combined with the accuracy of our moisture-sensing technology saving time and energy increasing the life of your linens, saving time and energy.

On-Premises **30-lb Stack Premium Tumble Dryer** Specifications

MODEL		HTT30
CONTROL OPTION		Galaxy
CAPACITY - lb (kg)		30 (14) x 2
OVERALL WIDTH - in (mm)		31.5 (800)
