

Super Diamond Center 5 VTM™

A Value Transfer Machine That Allows Value to be Transferred from Cash, a Credit Card, Debit Card, Pin-based Debit Card or an EBT Card to a SmartCard and Dispenses SmartCards Using Cash, a Credit Card, Debit Card, Pin-based Debit Card or an Electronic Benefits Transfer (EBT) Card.

The Super Diamond Center 5 VTM is designed to add value to a Smart Card by offering the customer many payment options. First, a customer will insert their Smart Card, next cash can be inserted, or a credit or debit card can be swiped using the built-in terminal. The desired value to be transferred from the credit or debit card to the Smart Card is entered on the pin pad and the transfer is completed. There is a user friendly interface to assist the customer in engaging all the features offered on this VTM. Because the Super Diamond Center 5 is equipped with an encrypted pin pad it will allow the acceptance of pin based debit cards and Electronic Benefits Transfer (EBT) cards. The Super Diamond Center 5 is ready to accept NFC devices like Apple Pay, Samsung Pay, and Android Pay. The Super Diamond Center 5 will dispense Smart Cards when purchased with any of the methods listed to transfer value and it can function as a Coded Value Adder using generated codes.

Super Diamond Center Features™ :

- ✓ Authorized Credit and Debit Card Value to a Smart Card
- ✓ Accepts Multiple Forms of Payment to Dispense Smart Cards
- ✓ Accept Cash to Add Value, or to Purchase a SmartCard
- ✓ Credit Card Receipt Printer
- ✓ Encrypted Pin-pad Allows Accepting of EBT and Pin Based Debit Cards
- ✓ Accept Mobile Pay devices including Apple Pay Samsung Pay, and Android Pay
- ✓ Coded Value Adder Functions

Super Diamond Center 5 What makes it different ?

The Super Diamond Center 5 is totally dependent on the Internet. Unlike previous ESD Diamond Center models, it has no internal computer and it does not use an external credit card swipe. The encrypted pin pad does the work of each of the components found in older model VTM's. This makes this VTM simple to operate and economical to purchase.
